## Clockwork Increases Business in Oilfield Services

*Austin, TX*

Clockwork Solutions, Inc. is proud to announce a new contract to provide predictive modeling support to a leading oilfield services company that operates in approximately 80 countries worldwide.

Clockwork Solutions technology is being applied to their life cycle management processes in order to increase the overall value provided to customer operations. Unnecessary equipment downtime and cost are results of the variability in field operations and equipment stress across world wide operations. The situation is greatly improved through the adaptation and use of our advanced modeling and analysis techniques.

### **About Clockwork Solutions** ([www.clockwork-solutions.com](http://www.clockwork-solutions.com))

Clockwork Solutions develops and provides advanced availability and life cycle performance modeling and simulation technologies and conducts modeling support and consulting services. Clockwork is proud of the work it is doing across the defense services to improve supportability of systems through performance based modeling and forecasting.

Clockwork Solutions' proprietary modeling technology, SPAR™, uses unique Monte Carlo algorithms to build comprehensive, reliability-based predictive models of complex assets and their operational and logistical environments, such as a fleet of aircrafts, missile systems, a power plant and its distribution system, a group of chemical plants, etc.

Clockwork Solutions' customers include the US Army, the US Marine Corps, JPO MRAP, Lockheed Martin, Raytheon, EADS Astrium, the Israeli Defense Forces, GE Aircraft Engines, Chevron, ConocoPhillips, and many others. Clockwork Solutions, Inc. is headquartered in Austin, TX.
