

Clockwork Group announces the re-naming of its American operation to Clockwork Solutions, Inc.

Austin, TX - August 18, 2000

Our activities have not changed. But the new name better describes the company. Clockwork Solutions President, Dr. Paula deWitte said, "The old name, Clockwork Designs, described what the company did during its start-up phase. The new name reflects the fact that we have expanded our services and now offer a full array of solutions to our multi-industry customer base."
