

## **Clockwork Solutions Attends DoD Maintenance Symposium**

*Austin, TX - November 4, 2000*

Clockwork Solutions exhibited at the Department of Defense Maintenance Symposium and Exhibition Conference held in Charleston, South Carolina, October 30 - November 2. The focus of the conference was on integrating aging and new systems maintenance. Clockwork Solutions' exhibit booth emphasized recent projects with the United States Army and Air Force. During the conference, Clockwork personnel attended the Maintenance Awards Reception hosted by Mr. Bob Mason, Symposium Chair and Assistant Deputy Under Secretary of Defense (Maintenance Policy, Programs & Resources).

Conference topics focused on expeditionary logistics, condition-based maintenance, and sustaining aging systems to support maintenance management. As part of the conference, Clockwork personnel toured Charleston Air Force Base and the 437th Mobility Airlift Wing. Flightline tours included an F-117, F-16, EA-6B, F-14, and F-18, as well as a walk inside the interior of the C-17 aircraft.

Clockwork demonstrated the results of Air Force and Army projects for representatives of all services and particularly the Air Logistics Centers.
