

Clockwork Solutions Posts 2004 Conference Schedule

Austin, TX – March 5, 2004

2004 is shaping up to be a big year for Clockwork Solutions, who today posted their schedule of events for the upcoming year. The complete schedule of upcoming events can be found on the Clockwork website (www.clockwork-solutions.com), as well as below in table format.

Highlights of this year's shows include:

- The 2004 Reliability and Maintainability Symposium (RAMS) conference in January was a great success, in which Clockwork held an informational session on the successful application of SPAR simulation technology in support of ship systems life cycle supportability analysis.
- Clockwork gave a special technology demonstration for the Navy at the DD(x) preliminary design review on February 25, 2004.
- On March 2, Naaman Gurvitz and Pat Connally presented a technical paper on 'Simulation Modeling in Comprehensive Supportability Modeling,' at the SAE G-11 RMSL Div and Probabilistic Methods Committee in Morristown, NJ.
- Clockwork will be speaking at the GE Life Cycle Analysis Symposium in April or May (date yet to be announced).
- and at the end of August, at the AIAA/ISSMO Multidisciplinary Analysis and Optimization Conference in Albany, NY, Clockwork will be presenting a paper on 'Modeling Data Uncertainty in System Availability Analysis.'

March 21-23, 2004	Marriott Rivercenter/Riverwalk Hotels, San Antonio, Texas	NPRA Annual Meeting	Paper Presenter
More Information on the NPRA Annual Meeting			
March 22-26, 2004	Clockwork Headquarters, Austin, TX	SPAR Training Course	Host
March 24-27, 2004	Gaylord Opryland Resort and Convention Center, Nashville, TN	Quad A Conference	Co-Host of Cooperative Demo
More Information on the Quad-A Conference			
April/May	Greenville, SC	GE Life Cycle Analysis Symposium	Attendee, Presenter
August 30-Sept. 1, 2004	Albany, NY	10th AIAA/ISSMO Multidisciplinary Analysis and Optimization Conference	Attendee, Presenter
More Information on this AIAA/ISSMO Conference			
September 12 - 16, 2004	Iowa State University; Ames, Iowa	8th International PMAPS (Probability Methods Applied to Power Systems) Conference	Exhibitor, Paper Presenters
More Information on the PMAPS Conference			
October 25-28, 2004	Hilton Americas and George R. Brown Convention Center, Houston, Texas	DOD Maintenance Symposium (SAE)	Attendee
More Information on the DOD Maintenance Symposium
