

2005 DoD Maintenance Exhibition hails huge success for Clockwork Solutions

Austin, TX.

Clockwork Solutions held a very successful exhibit at the [2005 DOD Maintenance Exhibition](#), Birmingham, Alabama. Predictive technologies supporting risk to future performance identification and associated risk mitigation decision support functions were demonstrated in three applications.

1. Clockwork is a primary team member working with the [USMC](#), as part of the Light Armored Vehicle (LAV) [Sense and Respond](#) demonstration initiatives.
2. Clockwork is a team member with the DEI Group, where together a demonstration of technology supporting NAVSEA technology applications was unveiled and demonstrated across a suite of computer workstations.
3. Clockwork is a team member working with CAS, Inc., where CS technologies are being deployed in support of UHPMO [‘Predictive’ Fleet Management](#) initiatives.
