

## **Effective PBL Management – Master-Class**

*Austin, TX*

In cooperation with USMC, Bearing Point, and Clockwork Solutions we welcome you to attend this informative master-class-workshop that will be presented at the 2007 IDGA- Performance Based Logistics event in Alexandria, Va. The workshop will provide a walk through and a case study of representative stages of ‘mechanism’ incorporation, to include Business Process Improvement, Data Management, and Technology Adaptation.

Initiatives in industry and within the USMC will be cited for example purposes.  
(Time/Day- Hilton Alexandria Old Town; 8-11am, Tuesday, April 24, 2007)

### **About Clockwork Solutions ([www.clockwork-solutions.com](http://www.clockwork-solutions.com))**

Clockwork Solutions develops and markets advanced performance based modeling and simulation products and provides modeling support and consulting services. Clockwork is proud of the work it is doing across the defense services to improve supportability of systems through performance based modeling and forecasting. Clockwork Solutions’ proprietary modeling technology, SPAR™, uses unique Monte Carlo algorithms to build comprehensive, reliability-based predictive models of complex assets and their operational and logistical environments, such as a fleet of aircrafts, missile systems, a power plant and its distribution system, a group of chemical plants, etc. Clockwork Solutions’ customers include the US Army, the US Marine Corps, Lockheed Martin, Raytheon, Sikorsky Aircraft, EADS Astrium, the Israeli Defense Forces, GE, Chevron, ConocoPhillips, and many others. Clockwork Solutions, Inc. is headquartered in Austin, TX, with an R&D center and International operations headquarters in Israel. Clockwork Solutions is owned by Formula Vision (TASE: FVT).
